

Fancy Meeting You Here

Rosemary Clooney

Didn't I say?
Didn't you say?
Didn't we say?
Didn't who say?

Didn't you say you were off to China?
Fancy meeting you here
Yes, and didn't you just board an ocean liner?
Fancy meeting you here
Didn't we agree that our affair was too frantic
And we'd both feel good divided by the wide Atlantic?

Weren't you yachting off the Riviera? With Onassis
Fancy meeting you here
Was it jolly roaming the Sahara? Dry, but laughs
Fancy meeting you here
If you don't think I have missed your loving
Let's get this clear, dear
I just think it's fancy meeting you right here

Did you say that you enjoyed Alaska? Loved it, loved it
Did I get a note from Madagascar? Wrote it. You're a good girl
Didn't we divide our little world into sections? A clean break
But love has sure affected both our senses of directions

Say, tell me something
How did you ever lose that wealthy, that big, fat Persian?
T'wasn't easy
Fancy meeting you here
Did you take that African excursion? I blew it
Yeah, for the local zoo here
If you don't think it's a kick to see you
Let's get this clear, dear
From the way my heart is wildly beating
What we had is more than worth repeating. My arm, girl
And it's more than fancy meeting you right here
