

Love Among The Young

Rosemary Clooney

I'll kiss you
But I'll warn you
In the ways of love I'm unwise
If this makes me young in your eyes
Don't laugh, just remember
Remember

Love, among the young
Is such a dear and precious thing
Such a love I bring to you
Since this is my heart's first affair

Give it time, give it care
For love, among the young
Is such a deep and lasting love
Wonderful once it takes hold
'Cause love, among the young
Never grows old

For love, among the young
Is such a deep and lasting love
Wonderful once it takes hold
'Cause love, among the young
Never grows old
