

Me and You

Rosemary Clooney

Me and you
Got to get together, baby
Me and you
Got to have love
I've planned alot
You hit the spot
Oh, can't you see
It's got to be

You and me
Got to have alot of money
If there's three heavens above
Me and you fit like a glove, babe
Me and you
In love

Me and you
You and me've got to
Consolidate
You're just the type
The time is ripe
This is the day
I know the way

Me and you
Got to have alot of money
And it's three I'm thinkin' of
Me and you fit like a glove, babe
Me and you
In love
