

When I Sing

Rosemary Clooney

When I sing I sing a song of love
When I speak I speak your name
And when I dream I dream of us
And hope that you will do the same

When I cry it's 'cause you're far away
When I laugh it's 'cause you're near
And when I sing I sing of love
A love that grows each year
A love that grows each year

When I cry it's 'cause you're far away
When I laugh it's 'cause you're near
And when I sing I sing of love
A love that grows each year
A love that grows each year
