

## It's Not Living (If It's Not With You)

Roses & Revolutions

Danny ran into some complications  
He falls asleep during conversations  
He's gotta search the street when he's on vacation  
The worst thing is that I'm in the same situation

And all I do is sit and think about you  
If I knew what you'd do  
Collapse my veins, wearing beautiful shoes  
It's not living if it's not with you

And Danny says we're living in a simulation  
But he works in a petrol station  
He says it all began with his operation  
And I know you think you're sly but you need some imagination

And all I do is sit and think about you  
If I knew what you'd do  
Collapse my veins, wearing beautiful shoes  
It's not living if it's not with you  
And all I do is sit and drink without you  
If I choose then I lose  
Distract my brain from the terrible news  
It's not living if it's not with you

I can't stop sweating or control my feet  
Got a 20-stone monkey that I just can't beat  
I can stage a situation, but I just can't eat  
And there's a feeling, you're replacing embrace

It's true that all I do is sit and think about you  
If I knew what you'd do  
Collapse my veins, wearing beautiful shoes  
It's not living if it's not with you  
And all I do is sit and drink without you  
If I choose then I lose  
Distract my brain from the terrible news  
It's not living if it's not with you  
It's not living if it's not with you
