When You Turn Away

Rosetta Stone

Read this mass medium make believe
TV, control the view received
Here comes the next big thing to fear
Propaganda machine moves up a gear

This is what you think
This is what you say
This is what you love
This is what you hate
This is what you want
This is what you'll pay
This is when you fight
When you turn away
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong

Who'd said we would share in their success
The overpaid, enslaving all the rest
Subsidised system, credit and your cause
Find the money when you need us to fight in wars

This is what you think
This is what you say
This is what you love
This is what you hate
This is what you want
This is what you'll pay
This is when you fight
When you turn away

This is wrong
This is wrong
This is wrong
This is wrong

This is wrong
This is wrong
This is wrong
This is wrong
A man snaps, can't take it anymore
Gives his life and what it's over for
It's all there in black and white
The time comes when you need to do what's wrong

This is what you think
This is what you say
This is what you love
This is what you hate
This is what you want
This is what you'll pay
This is when you fight

When you turn away

This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong

This is what you think
This is what you say
This is what you love
This is what you hate
This is what you want
This is what you'll pay
This is when you fight
When you turn away
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
This is wrong
