

# When You Turn Away

Rosetta Stone

Read this mass medium make believe  
TV, control the view received  
Here comes the next big thing to fear  
Propaganda machine moves up a gear

This is what you think  
This is what you say  
This is what you love  
This is what you hate  
This is what you want  
This is what you'll pay  
This is when you fight  
When you turn away  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong

Who'd said we would share in their success  
The overpaid, enslaving all the rest  
Subsidised system, credit and your cause  
Find the money when you need us to fight in wars

This is what you think  
This is what you say  
This is what you love  
This is what you hate  
This is what you want  
This is what you'll pay  
This is when you fight  
When you turn away

This is wrong  
This is wrong  
This is wrong  
This is wrong

This is wrong  
This is wrong  
This is wrong  
This is wrong  
A man snaps, can't take it anymore  
Gives his life and what it's over for  
It's all there in black and white  
The time comes when you need to do what's wrong

This is what you think  
This is what you say  
This is what you love  
This is what you hate  
This is what you want  
This is what you'll pay  
This is when you fight

When you turn away

This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong  
This is wrong

This is what you think  
This is what you say  
This is what you love  
This is what you hate
