Na Na

Rosette

Yeah, yeah, yeah
Mmh

Looking at the moonlight, I see your face
Thinking that we could be something great
You got me moving my body
I got you spending your money

So I can't let you go
No, no, no
And you know I [?]
You're making my body say
"It's time to play"

So put it on my na, na
Make me, make it cry
You got me moving, doing
Things you like
Oh baby, oh-oh
Turn up my body right
Work with my body right
Slow ride
So put it on my na, na
So put it on my na, na
So put it on my na, na
Slow ride

[?] move your body, the way I do it
Watch me move down low
And work, work, yeah, twerk it round, round me
Go round some more, you know it goes

So I can't let you go
No, no, no
And you know I [?]
You're making my body say
"It's time to play"

So put it on my na, na
Make me, make it cry
You got me moving, doing
Things you like
Oh baby, oh-oh
Turn up my body right
Work with my body right
Slow ride
So put it on my na, na
So put it on my na, na
So put it on my na, na
Slow ride
