I see you  
You see me  
I can't deny  
This feeling that hit  
And that's no lie  
Can I try you on  
How can I  
Get you all alone  
Oh oh I  
I love the way you tease me  
This won't be that easy  
I'll be running on your mind  
Got me fire  
Damn it's getting hotter  
Go head you got the green light

Oh  
Let's just take a dive take a dive  
Oh  
Baby it's alright it alright  
Love to taste your skin  
It feels good  
I might just dive in  
Cause it

I see the sexy in your eyes  
Come with me baby let's get wild  
Can't I try you on  
How can I  
Get you all alone  
Oh oh I

But this won't be that easy
