

## Goodguy

Rosie Lowe

Can't be easy living with your ego  
Especially when you're crowded like [?]  
He's a good guy, good guy, good guy, ooh-ooh  
So babe, oh, babe, don't mention [?]  
Or maybe we can put it the VMA  
Call it good guy, good guy, good guy  
He was a good guy  
Know we're going cry tears of a lie  
Taste so bitter  
Know you're going to want to sleep in evil lies  
It doesn't look easy  
Know you're going just dodge your life  
Oh, I know you like to think that you're a good guy
