

I think I love you
I think I love you
I think I love you
I think I, think I love you
I love you
I think I love you
I think I love you
I think I, think I love you
I love you
Think I love you
Think I love you
I think I love you
Think I love you
I think I love you
Hey

I've been dreaming over again
Thinking about all the things you do
And I know I'm gonna like it
I've been wondering how long I
Got to wait between phoning you
Don't wanna come on strong

But he has gone out
And he won't be home for another three hours
So much to do, but we can get it going, babe
There's nothing in the way of loving you
Shit

I think I love you
I think I love you
I think I love you
Wish I didn't, but I do
Think I love you
Think I love you
Think I love you, you

It's moments like this, when it's just us
Don't know where the time goes
But it moves so slowly
And even though I guess I don't
Know where I stand, I don't mind
'Cause you give me so muchly

And he has gone out
And he won't be home for another three hours
So much to do, but we can get it going, babe
Nothing in the way of loving you
Hey

I think I love you
I think I love you
I think I love you
Wish I didn't, but I do
Think I love you
Think I love you
Think I love you, hey

Think I love you
Think I love you
Think I love you, hey
'Cause you look like you're mango
And I've been looking for some fruit for my tree
