

Me & Your Ghost

Rosie Lowe

You were busy going underground
When I needed you the most
You lost any fight you ever had
Now it's me and your ghost

You were busy going underground
When I needed you the most
You lost any fight you ever had
Now it's me and your ghost

Now it's me and your ghost
Now it's me and your ghost
Now it's me and your ghost
Now it's me and your ghost
