

Out Of You

Rosie Lowe

What you make me do
I'm making a fool
What you made me do
I'm making a fool out of you

Look at the mess I made
I'm trying my best
In my head, no, it's you
It's in my head, no, it's you
It's in my head, no, it's you

Look at the mess I made
I'm trying my best
In my head, no, it's you
It's in my head, no, it's you
It's in my head, no, it's you

Look what you made me do
I'm making a fool out of you

It's in my head, no, it's you
It's in my head, no, it's you
It's in my head, no, it's you
