

# So Human

Rosie Lowe

No holding back  
Lay your armor down  
No need for that  
If you just relax  
You can tell me anything  
I'm ready to be everything

I love it when you seem so human  
Up and down we're so confusing  
When you say you've cried before and lied before  
It makes me feel I'm alright  
I love it when you seem so human  
Up and down we're so confusing  
When you say you've cried before and lied before  
It makes me feel I'm alright

I know why you're here (here)  
Make yourself comfortable  
Make this house a home  
You built your walls high, let me knock them down  
I can feel you better when they're not around  
Let me in good, lie next to me  
Nothing wrong with a little therapy, oh

I love it when you seem so human  
Up and down we're so confusing  
When you say you've cried before and lied before  
It makes me feel I'm alright  
I love it when you seem so human  
Up and down we're so confusing  
When you say you've cried before and lied before  
It makes me feel I'm alright

I can sleep so good at night  
I can sleep so good at night

Take your life (Pull it out the box)  
Take your mind (Pull it out the box)  
All my love (Pull it out)  
We don't need a box  
Take your life (Pull it out the box)  
Take your mind (Pull it out the box)  
All my love (Pull it out)  
We don't need a box

I love it when you seem so human  
Up and down we're so confusing  
When you say you've cried before and lied before  
It makes me feel I'm alright  
I love it when you seem so human  
Up and down we're so confusing  
When you say you've cried before and lied before  
It makes me feel I'm alright

I can sleep so good at night  
When there's nothing left to hide
