

# All My Exes Live In Vortexes

Rosie Tucker

I hope no one had to piss in a bottle at work  
To get me the thing I ordered on the Internet

But I am no responsible party  
I'm just a middle sized fish  
In a pile of plastic  
Wider than Texas  
A pile of plastic  
You wonder why I'm a  
Poor sport

Squeezing my pores in the bathroom  
I'm not ready yet to go back to the people  
Fall short  
Every chance that I give  
You say speak for yourself  
I say you don't listen

You want  
Everything, everything, everything all at once  
Everything, everything, everything all at once  
Everything  
All at once

I know every time you sip from a bottle of piss  
And remember me, the memory degrades  
(The memory degrades)  
I need no responsible parting  
You can think me away in your mind made of plastic  
Your mind made of plastic  
In your mind made of plastic  
You wonder why I'm a  
Poor sport

Squeezing my pores in the bathroom  
I'm not ready yet to go back to pretending  
Fall short  
Every chance that I got  
You say speak for yourself  
I say maybe I am

Maybe I want everything, everything, everything all at once  
Everything, everything, everything all at once

Everything, everything, everything all at once  
(Take the trash out, fill the trash up, pull the plastic from the food stuff  
)

Everything, everything, everything all at once  
(Take the trash out, fill the trash up, pull the plastic from the food stuff  
)

Take the trash out, fill the trash up, pull the plastic from the food stuff  
Take the trash out, fill the trash up, pull the plastic from the food stuff
