

Therapy

Ross Copperman

I feel like I'm in a video game
Ain't nothing really going my way
I feel the world is constantly
Taking aim and shooting at me
And I ain't even got no sorta kinda protection
I never been the one to follow convention
Try to find another way
To get out this feeling

My heart is open
And I don't wanna close it
Caught up in the moment
Sometimes a hand needs holding though
Don't it
I know that at times I need a shoulder
To cry on when I'm broken
But I'm only human

I know its gonna get hard someday
Cause living don't come easy
And when they say we won't, I know that we will
Cause together we'll find our way
You better believe it
I don't need no doctor or no pill
Cause your love is my therapy, therapy
Your love is my therapy, therapy

You're the light on my darkest day
You remind me that the world won't change
If you're gonna do it ya gotta do it your way
Don't listen to a word they say
Ain't no promises and nothing is certain
Everybody gotta carry they're burden
I know you'll find
There is a way
To get out of this feeling

Our hearts our open
And we don't need to close em
Caught up in the moment
Sometimes a hand needs holding though
Don't it
I know that at times I need a shoulder
To cry on when I'm broken
But I'm only human

I know its gonna get hard someday
Cause living don't come easy
And when they say we won't, I know that we will
Cause together we'll find our way
You better believe it
I don't need no doctor or no pill
Cause your love is my therapy, therapy
Your love is my therapy, therapy

We get low, we get high
We get hurt and we cry

But it'll all be alright
So let's live till we die
We get low, we get high
We get hurt and we cry
But it'll all be alright

I know its gonna get hard someday
Cause living don't come easy
And when they say we won't, I know that we will
Cause together we'll find our way
You better believe it
I don't need no doctor or no pill
Cause your love is my therapy, therapy
Your love is my therapy, therapy
