

# Body Speak

Rossa

I'm feeling lucky  
Right here, right now, with you  
Want you to want me  
Right here, right now, I do

And we can get intoxicated  
On the good vibrations  
Take a dip into the unknown  
Cause I've been saving  
All my lovin' baby  
For you and me alone

You & me goin' heavy  
You & me goin' heavy yeah  
You & me goin' heavy  
Just you & me

Don't wanna hear you  
Say that you love me  
Let your body speak  
Body speak

Don't wanna hear you  
Show me you want me  
Let your body speak  
Body speak

I like your freestyle  
You switch it up on me  
Down to the details  
Feels right, real nice, to me

And you could be the one  
I won't let go  
Just pull me real close  
Yeah you know what I need

Got me fallin' all night long  
I'm losin' control  
Yeah you do that to me  
Yeah yeah, you do that to me

Don't wanna hear you  
Say that you love me  
Let your body speak  
Body speak

Don't wanna hear you  
Show me you want me  
Let your body Speak  
Body speak

You & me goin' heavy  
You & me goin' heavy yeah  
You & me goin' heavy  
Just you & me

Don't wanna hear you  
Say that you love me  
Let your body speak  
Body speak

Don't wanna hear you  
Show me you want me  
Let your body speak  
Body speak
