

Rough Going (I Won't Let Up)

Rostam

Sha-dooobie sha-dooobie sha-dooobie sha-doo-wop
Sha-dooobie sha-dooobie sha-dooobie sha-doo-wop

You know this ain't the end
We would laugh as friends again
Underneath the pines
We'll be singing hallelujah

Here in the dark
Where you can't see the stars
We'll be sailing away
Cause like you always say

I won't let up
I won't let up

Drag our restless souls
All together round the corner
Running down your stairs
We'll be laughing, loud and happy

Here in the dark
Where you can't see the stars
We'll be sailing away
Cause like you always say

I won't let up
I won't let up

Across a crowded room, you'll hear me howl
(I won't let up, I don't let up)
I'm trying to find you but I don't know how
(I don't know how, I don't know how)

I won't let up (I won't let up, let up)
I won't let up (I won't let up, let up)

Before I met you I was firing in the dark
But then the lights went out and our eyes locked together
We like to mumble and our promises are light
Now watch us slip away, a fish into a river

Before I met you I was firing in the dark
And then the lights went out and our eyes locked together
Oh now we're dancing in the silver moonlight
Now watch just slip away, a fish into a river

(I won't let up, I won't let up
I won't let up, I won't let up
I won't, I won't let up)

Across a crowded room you'll hear me howl
(I don't let up, I don't let up)
I'm trying to find you but I don't know how
(I don't know how, I don't know how)
