

# All Night

Rotimi

(Hol' up!)

I fall in love with the view, everytime I see your legs come up  
Like ya left some, keeping comin' right back for more  
I got you open, doin' things you ain't never did before  
I know just what you want  
Yeah, yeah, yeah

Girls like you, wanna have fun  
Baby you can call me later  
Feelin' like you wanna get done  
I'ma hit you with that saber  
It's on you, tell me what you want  
I can bring the party favors  
Ain't no rules, anything goes

I just wanna take this ride with you, oh-oh  
Take my time with you, oh-oh  
Slow whine with you, oh-oh  
Spend the night with you  
All night with you, all night with you, oh-oh  
Catch flights with you, oh-oh  
Do the all night with you, oh-oh  
Slow whine with you, oh-oh  
All night with you, all night with you

Whine for me, baby you whine for me  
Drop it down like you want somethin' from me  
Just tonight you can belong to me  
Just tonight, just tonight, yeah  
Nice and slow like you in love with me  
You so fine, I need you close to me  
Whine for me, baby, whine for me

You know you the best ting (Yeah, yeah, yeah)  
Lookin' like a blessing (Yeah, yeah, yeah)  
Best life, yeah you live it (Yeah, yeah, yeah)  
I'm hypnotized when your hips swing (Yeah, yeah, yeah)  
I take a dive in your ting-ting (Yeah, yeah, yeah)  
Give you all that ling-ling (Yeah, yeah, yeah)  
I show you real quick (Yeah, yeah, yeah)  
You fuckin' with some real shit (Yeah, yeah, yeah)  
I pocket your heart, I don't wanna let it get away  
I make love to your mind, girl I wanna see what's on your brain  
We make love full time, anyway, oh yeah, yeah  
We get high all the time, it ain't no coming down, no, no  
Oh, woah

Girls like you, wanna have fun  
Baby you can call me later  
Feelin' like you wanna get done  
I'ma hit you with that saber  
It's on you, tell me what you want  
I can bring the party favors  
Ain't no rules, anything goes

I just wanna take this ride with you, oh-oh

Take my time with you, oh-oh  
Slow whine with you, oh-oh  
Spend the night with you  
All night with you, all night with you, oh-oh  
Catch flights with you, oh-oh  
Do the all night with you, oh-oh  
Slow whine with you, oh-oh  
All night with you, all night with you

Whine for me, baby you whine for me  
Drop it down like you want somethin' from me  
Just tonight you can belong to me  
Just tonight, just tonight, yeah  
Nice and slow like you in love with me  
You so fine, I need you close to me  
Whine for me, baby, whine for me
