

Anything Goes

Rotimi

Woah, yeah...

Wanna see your clothes fall off like a confetti, 'til there's nothing left

You can have it all when you're ready, I'mma bring my best
Tonight there's no limits, no, there ain't anything that we can't do
Girl when we finished I guarantee you feel like you can't move
When I say that, girl I mean that
So come get what you been waiting for

Let your hair down, breathe
Sweat it out like you don't give a fuck
It's OK to be loud, scream
Moan, or do all the above
Anything goes (goes, goes, goes)
Anything goes (goes, goes, goes)
Anything goes

I'mma make yo' body scream my name (Rotimi)
I'mma show how much I ain't playing
Don't be tryin' to run now, I know you ain't scared
Girl, bring that thang to me
When I say that, you know I mean that
So come get what you been waiting for

Let your hair down, breathe
Sweat it out like you don't give a fuck
It's OK to be loud, scream
Moan, or do all the above
Anything goes (goes, goes, goes)
Anything goes (goes, goes, goes)
Anything goes

(Anything goes, any, anything goes)
(Anything goes, any, anything goes)
(Anything goes, any, anything goes)
(Anything goes, any, anything goes)

Let your hair down, breathe
Sweat it out like you don't give a fuck
It's OK to be loud, scream
Moan, or do all the above (Let's go!)
Anything goes (goes, goes, goes)
Anything goes (goes, goes, goes)
Anything goes
Anything goes
Anything goes
