

ASAP

Rotimi

However you want it
You know that Imma give it to you
Put my hands on it
We both grown
Don't need no excuse

It's never too soon
Take it off in the car
We don't need a room
Know they want it
But I need it bad I do
Why you trippin tryna fight that
When I throw it bring it right back

I hate waiting
So impatient
Baby, what we waitin for
Let's get naked
Give it to me at the door
Till the bed won't make it
Like it's Thursday, throw it back
Love it when you do it like that

You know I need it ASAP
(ASAP baby, right now)
You know I need it ASAP
(ASAP baby, right now)
Give it to me now now now don't wait
Lemme eat that cake up like ya birthday
I need that
ASAP baby, right now

Eat it all off the plate
Sip it like I'm drinking Kool-Aid
No, I ain't got time to waste
Girl, I need your body (Need your body)
Imma make you feel a way
He ain't know what he was doin no shade
Got a nigga laying in it all day
No one here to stop me
Let me, take you way down take you way down (Way down)
Killer stroke yea goin in out (In out)
Roller coaster when I go down and taste it, and taste it

I hate waiting
So impatient
Baby, what we waitin' for
Let's get naked
Give it to me at the door
Till the bed won't make it
Like it's Thursday, throw it back
Love it when you do it like that
