

# Blessed

Rotimi

Baby baby yeah

No stress  
Too blessed  
Not press  
Living on the edge  
So blessed  
I must confess  
I'm walking bold  
In my heart and soul

Holy water  
In your pool  
Take me under  
Make me new  
Holy water  
Keep me cool  
Got the whole world  
If I got you

No stress  
Too blessed  
I got everything I need  
No stress  
Too blessed  
I got everything I need

Me like random flights out the country  
When I'm taking off girls the runway  
Since our time here is unknown  
Might as well just take control

Holy water  
In your pool  
Take me under  
Make me new  
Holy water  
Keep me cool  
Got the whole world  
If I got you

No stress  
Too blessed  
I got everything I need  
No stress  
Too blessed  
I got everything I need

Oh owe oh  
Ah yaa  
Oh owe oh  
Ah yaa  
Oh owe oh  
I got everything I need  
Oh owe oh  
Ah yaa  
Oh owe oh

Ah yaa  
Oh owe oh  
I got everything I need

Can't you feel the spirit  
I can really feel the spirit  
If I talk then I lived it  
There ain't never no gimmicks  
This one's for the family  
More blessings to the family  
They try to judge and I ain't with it  
Cuz only god can be my critic

No stress  
Too blessed  
I got everything I need
