

Dear Imani

Rotimi

Dear Imani

It's a letter to my child
And I wrote this for you

You remind me
Of everything that I just wanna be
You remind me
Of everything I want my kids to see

When I see my baby girl it melts my heart
Every time I see you smile
My little dove
Cause everything that's good begins with you

Everything begins with you

Cause poppa and momma we got you girl
As a father your dadda will move the world (for you)

You remind me
Of everything that I just wanna be
You remind me
Of everything I want my kids to see

When I see my baby girl it melts my heart
Every time I see you smile
My little dove
Cause everything that's good begins with you

Everything begins with you

The day you graduate
I'll be proud of you
Be the best father figure is what I tried to do
Everything you do it makes me happy
I will walk you down the aisle
Just to see you smile
You got your momma's style
You are the perfect child
Thought I'd love you death
But I'd rather love you for life
My little dove
Cause everything that's good begins with you

I wanted to write this so you always know
That every time you look in your corner
I'll be there
Every time to fall
I'll be there with a hand to help up baby
Every moment you feel lost
I'll be there to guide you
Walk in gods grace and it'll all align
My little dove
