

Don't Mind Me

Rotimi

No, don't mind me, no, don't mind me
You seen me looking at your body
I love the way you look beside me
Don't take it wrong, I'm just admiring
No, don't mind me, no, don't mind me
You out here looking like a wife ting
Your energy is so inviting, don't mind me

Usually feel no type of way (No type of way)
Most gals, them all move the same but
You got that new type of wave (New type of wave)
Can't help that you got what I like
Look 'pon how your body shaped (Body shaped)
Took my attention away, yeah
Let's go to your private place, uh
Girl, when you're ready we can slide

No, don't mind me, no, don't mind me
You seen me looking at your body
I love the way you look beside me
Don't take it wrong, I'm just admiring
No, don't mind me, no, don't mind me
You out here looking like a wife ting
Your energy is so inviting, don't mind me

How much longer I'll be waiting
Try my hardest to be patient
I decided when you came in
I'm a winner, you're the prize (Prize)
Patty cake, love the way you shake it (Shake)
Don't run away, I might have to chase it (Chase it)
What a night, we don't wanna waste it (Waste it)
It might sound a little crazy but

Don't mind me, no, don't mind me
You seen me looking at your body
I love the way you look beside me
Don't take it wrong, I'm just admiring
No, don't mind me, no, don't mind me
You out here looking like a wife ting
Your energy is so inviting, don't mind me
