

# Grenada Beach

Rotimi

Baby baby yeah

You know that I want it  
I see it how you flaunt it, girl  
I kill that pussy let me haunt it  
You already know how I'm on it, girl  
You know that I want it  
I see it how you flaunt it, girl  
I kill that pussy let me haunt it  
You already know how I'm on it, girl

Bad bitch  
Fashion forward but her soul classic  
Comparing other girls so tragic  
Cuz when she walk out stop traffic  
Lavish  
Soft life yes she can have it  
And that's the basics of this package  
Cuz she eat it up like savage

Baby so baby so  
Bad yea she something lit  
Baby so bad  
Need punishment  
Ass so fat like she stuffing it  
Ain't nobody touching it  
She my little vibe and she loving it  
Pussy pretty raw when I'm fucking it  
Baby so baby so bad so bad and

You know that I want it  
I see it how you flaunt it, girl  
I kill that pussy let me haunt it  
You already know how I'm on it, girl  
You know that I want it  
I see it how you flaunt it, girl  
I kill that pussy let me haunt it  
You already know how I'm on it, girl

What's life if you not here and I'm not there  
What's life if we don't care this is not fair (don't you know)  
What's life if we don't care this is not fair  
What's life if you not here and I'm not there

She know I know that walk  
She know I love that talk  
It's something bout that accent  
Always got me ready for that action  
She the perfect words to my caption  
She always gon' do without asking  
She's the perfect bars to my song  
Cuz she never flow it wrong

You know that I want it  
I see it how you flaunt it, girl  
I kill that pussy let me haunt it  
You already know how I'm on it, girl

You know that I want it  
I see it how you flaunt it, girl  
I kill that pussy let me haunt it  
You already know how I'm on it, girl
