

Grown Decisions

Rotimi

So past potential (Hol' up)
It feels for real this time
Love like a tattoo
Want it on me at all times
I felt it right away
I knew I couldn't play, no room for mistakes
About you, I'm crazy in every way
No matter how many hard times we hit
I'll keep on fighting long as you will
I just went and dropped a bag on a new crib
Grown man shit, tell me how get a feel
Let me know

Girl, you got me makin' grown decisions
Yeah, you got me makin' grown decisions
Got me out here with that tunnel vision
Got me sayin' things a little different
You know you got a nigga actin' different
I switched it up and, baby, you're the reason
Got me out here with that tunnel vision (Oh)
Got me sayin' things a little different

I don't see nobody, but you
I stick to your body like glue
I drink up bottles for your juice
You're the only thing I wanna do
Copped the matching whips so we can ride out (Yeah)
Feelings that ain't glitter, we can drive out (Yeah)
Fire on the beach so we can fly about
Hit you with the K.O.D., lights out
You, let me bring you service, yeah
Oh, your ting never made me nervous, yeah
Come work with me, I'll make it worth it
A trip to your happy place, I already reserved it

Girl, you got me makin' grown decisions (Ooh)
Yeah, you got me makin' grown decisions (Yeah, yeah)
Got me out here with that tunnel vision (Tunnel, yeah, ooh, ooh
)
Got me sayin' things a little different (Yeah)
You know you got a nigga actin' different (Actin' different)
I switched it up and, baby, you're the reason (Oh, woah)
Got me out here with that tunnel vision (Yeah)
Got me sayin' things a little different (Different)
