

# I Wonder

Rotimi

Baby baby yeah  
Come on  
Come on  
Feels good

And I and I and I  
Wonder one day will I, will I  
When I lie awake at night  
Only one thing on my mind

Wonder if you are the one (the one one)  
The one that I need to love  
Because you shine like the sun (the sun sun)  
Now my heart beating like a drum  
Yeah I need you in my life (I do)  
Calm me down cuz the world so crazy  
I go make you my wife (oh)  
You'll be my baby

And I'll be singing whoa oh oh  
I don't need dem here  
I don't need dem here  
And I'll be singing whoa oh oh  
I don't need dem here  
I don't need dem here

Man these girls can't stress (stress me)  
I know their goal and they're just for the kicks  
And they all so messi (so messi)  
Yeah they all so messi (so messi)  
Then you came and you blessed me (blessed me, blessed me)  
With yo vibe so bright and your hair so brown  
And your skin all nestle  
Yeah it's all so nestle

I don't wanna wait  
I just need to find her  
No I don't wanna wait  
I need no reminder  
No I don't wanna wait  
Wanna be beside her  
When I wake up  
First thing when I wake up

And I'll be singing whoa oh oh  
I don't need dem here  
I don't need dem here  
And I'll be singing whoa oh oh  
I don't need dem here  
I don't need dem here

Wonder if you are the one (the one one)  
The one that I need to love  
Because you shine like the sun (the sun sun)  
Now my heart beating like a drum  
Yeah I need you in my life (I do)  
Calm me down cuz the world so crazy

I go make you my wife  
You'll be my baby, baby
