

More Life

Rotimi

Baby baby yeah
It's for all the people out there struggling to be strong
Fighting battles alone (You know what I'm saying)
Just know somebody praying for you

I wanna wish you more life
No dark days no more poor nights
I fought so hard for the tour lights
The war nuh done cuz it's more fights
I really really wanna wish you more life
Hold all the games for the fort nights
I pray god's peace over your life
If no one believe me then the lord might

I pray for mother that pray for yourself
I pray to the lord that gone bring you the wealth
I pray you find somebody love you sickness 'n health
Pray for your enemy that never wished you well
Pray you never pay for the sins of your father
Pray many blessings on your sons and your daughters
Pray every dream that you have come through
Pray you get everything that he ask for you

I wanna wish you more life
No dark days no more poor nights
I fought so hard for the tour lights
The war nuh done cuz it's more fights
I really really wanna wish you more life
Hold all the games for the fort nights
I pray god's peace over your life
If no one believe me then the lord might
Then the lord might

Give you more life
I pray the lord might
Give you more life
I pray I pray the lord give you more life
No more darkness no more hard times
Only more life
Only more life
I pray I pray

I pray you see the world in a new light
I pray for every battle I see you fight
I pray for the youth dem children
Pray for the government that's trying to kill them
Pray that you'll always be the more not lesser
Pray you never ever fall to your oppressor
For every troubled soul whatever you going through
This song is for you

I wanna wish you more life
No dark days no more poor nights
I fought so hard for the tour lights
The war nuh done cuz it's more fights
I really really wanna wish you more life
Hold all the games for the fort nights

I pray god's peace over your life
If no one believe me then the lord might
Then the lord might

Give you more life
I pray the lord might
Give you more life
I pray I pray the lord give you more life
No more darkness no more hard times
Only more life
Only more life
I pray I pray

Give you more life
I pray I pray
I pray in his name
Only more life
More life
More life
I pray in his name
