

My Time (Seven's Song)

Rotimi

(Seven)
(Baby baby yeah)

The story starts before I even turned ro
First booking before I even turned fo
Momma and daddy they had to earn mo
In front of them crowds I had to learn so
Singing at weddings that was world tho
The fire inside starting to burn slow
I was a diamond surrounded by all these pearls though
Then Timmi grew up and had them girls though
Had them girls going crazy

High school balling wasn't play time
Maplewood jersey wasn't a safe drive
Singing for hov I had to take mine
Performing for jay there was no break time
I was grinding grinding
Straight to the top I was climbing baby
No chains on but I was shining baby
Everyone thought I was crazy

But it's my time time time yeah
Baby boy it's my time yeah
Baby boy it's my time yeah
Can't deny it's my time yeah
But it's my time time time yeah
Baby boy it's my time yeah
Baby boy it's my time yeah
Can't deny it's my time yeah

Everyone think it was a hotel
30 dollars a day for a motel
Before the money started to flow well
Bob charged me half like a wholesale
Every dollar I had I use to count then
Way before I had all these clout friends
Then I got the call said I booked it
They gave me the recipe and I cooked it
It's a big rich town

Trust me god is so great yeah
Through the losses never lost faith yeah
Power was lit it's never hate yeah
But the music was ready I couldn't wait yeah
I was grinding grinding
Straight to the top I was climbing baby
No chains on but I was shining baby
Everyone thought I was crazy

But it's my time time time yeah
Baby boy it's my time yeah
Baby boy it's my time yeah
Can't deny it's my time yeah
But it's my time time time yeah
Baby boy it's my time yeah
Baby boy it's my time yeah

Can't deny it's my time yeah

But it's my time time time yeah

Baby boy it's my time yeah

Baby boy it's my time yeah

Can't believe it's my time yeah yeah
