

No Worries

Rotimi

Ohhh yeah, baby baby
Yeah, it's VEDO Baby

Hands on me body
I want to feel your touch
But I don't wanna rush
Your private, party
Watching you undressed yourself girl express yourself go slow
Can I see you yeah
Dance in the mirror so you can see it clearer baby
POV right here
Good energy, chemistry got us singing like

Ouuuuu
Girl, every day's Christmas you've been on my wishlist yeah
Ouuuuu
Move to the Beat for me

Let your body escape na-na, shake ma-ma
Double time slow Wine for me
Can we vacate ma-ma Bahamas?
Girl, I wanna hold you close
No worries no worries
Put your hand there put your heart right here
No worries no worries
Baby this your year you can start right here

We can start right here end right there
Baby just spin the globe
Baby you can point your finger anywhere
And that's where we're going to go
I'm trying to have you 30, 000 feet going oh so deep mmmm
That's why we're flying over the seas mhm
Fucked around and soaked up the seats
I love when you get Nasty for me ohhhh oh

Ouuuuu
I'm a give you round after round baby until we land
Ouuuuu
That's what I call A Roun-Dez-vous in paradise

Let your body escape na-na, shake ma-ma
Double time slow Wine for me
Can we vacate ma-ma Bahamas?
Girl, I wanna hold you close
No worries no worries
Put your hand there put your heart right here
No worries no worries
Baby this your year you can start right here
