Rotimi

Let me hold you
'Cause on you got the tightest grip, when I'm close to you
Only you make me feel like this, now I want you
Want you more than I ever did, caress my body, when I hold you

You shaped like a bottle, you look like a model
I want you tonight and I want you tomorrow
Let me own that pussy, I don't wanna borrow, oh-oh-oh (Yah)
You look like my future, that's right, Kamasutra
Oh, I do it to you, this my kind of movie
I'm seeing right through it, I love how you move it, oh-oh-oh
You like it face down, ass up (Ass up)
Keep playing, I'ma call your bluff
See these soft hands, could get rough (Get rough)
Smackin', pullin' pullin' all on (Yeah)

Come give me good whine, baby
'Cause you know what I want
Don't waste no time, baby
I need it all night long
OT to OT baby
We should run out the clock
Drive me, come drive me crazy
