

# Sip Slow

Rotimi

Sip slow  
I sip slow, baby  
(We do it for the...)

Every time I sip slow, sip slow, babe  
I reminisce 'bout you, babe  
I reminisce 'bout you, baby  
Every time I sip slow, sip slow, baby  
I reminisce 'bout you, babe  
I reminisce 'bout you, baby

I'm drunk right now  
I'm really drunk right now, girl  
I don't wanna get sober  
Can't believe it's all over  
Somethin' wrong right now  
Somethin' wrong right now, yeah  
Now we touchin', now we kissin', now got me catchin' feelings and you off right now, girl

Memories ain't fading, it's all I'm thinkin' lately  
Bring it over, bring it over, oh girl

Every time I sip slow, sip slow, babe  
I reminisce 'bout you, babe  
I reminisce 'bout you, baby  
Every time I sip slow, sip slow, baby (Baby, every time)  
I reminisce 'bout you, babe (Oh)  
I reminisce 'bout you, baby

I reminisce 'bout you  
I reminisce 'bout you, babe  
I reminisce 'bout you  
I reminisce 'bout you, babe

I'm gone right now  
I'm really gone right now, girl  
And I never wanna come down  
Girl, I need you in the clouds now  
One more chance (One more)  
You talkin' one more chance now  
So you come in, then you love me  
Yeah, you leave then I'm back right down, girl  
Wasted, wasted my time with you  
Still I wanna spend time with you  
Wasted, wasted my time with you  
Still I wanna spend time with you, woah

Memories ain't fadin', it's all I'm thinkin' lately  
Bring it over, bring it over, oh girl

Every time I sip slow, sip slow, babe  
I reminisce 'bout you, babe  
I reminisce 'bout you, baby  
Every time I sip slow, sip slow, baby (Baby, every time)  
I reminisce 'bout you, babe  
I reminisce 'bout you, baby

Every time I sip slow, sip slow, babe  
I reminisce 'bout you, babe  
I reminisce 'bout you, babe  
Every time I sip slow, sip slow, babe  
I reminisce 'bout you, babe  
I reminisce 'bout you, baby

I reminisce 'bout you  
I reminisce 'bout you, babe  
I reminisce 'bout you  
I reminisce 'bout you, babe
