

What We Do

Rotimi

(I know I'm probably the last person you expected to hear from
I been doing a lot of thinking and
Shit ain't the same without you)

I can't stop thinkin' 'bout
The shit that we had
I know that you mad
But just hold on, hear me out
Sometimes you gotta take the good with the bad
When you trying to figure out
How to sustain, baby, we both gotta change
A lot of shit comes with the fame
I fuck up too, I'm just sayin'

I feel like sometimes you don't understand
You feel like sometimes you not in the plan
You think I'm not there enough
And I know deep inside you
You might feel like you're sharing your man
You'll say you hate me, you're gonna leave
Honestly, that's getting hard to believe
We just keep going in circles
We back and we forth girl
Is this how it's always gon' be?
No

Oh, let's get it right, let's get it right
'Cause at the end of the day I'd rather lay with you at night
So don't tell me you're done, don't tell me it's over
'Cause who else know you like I know you?
So, come over, baby

You know
We fight and fuck then fuck, that's what we do
We break up then make up, that's what we do, baby
So don't you act like this is something new
'Cause this been us, girl, this is what we do
It's what we do, it's what we do
It's what we do, it's what we do, yeah, yeah

And I'm not tryna be with somebody new, no
So, I'd rather just keep doing what we do

Never feels good, I'll always come back to you
I swear it seems like we're always laid back too, yeah
Who are we foolin', tryna be rational

(Its like a cycle... its like a rotation)
