

## Carry On

Rough Silk

Hard times won't last forever - the wind will turn again  
we do what we believe in and the very best we can  
Oh, everybody needs a reason to live - stay gold and never give  
up'till you're dead and gone - so :

Carry on -we gotta carry on - when the road is getting' rough -  
times are getting tough  
- we gotta carry on.  
Carry on - just carry on - on through the darkest night - we wo  
n't give up the fight  
- we gotta carry on !

There must be a light at the end of the tunnel - "the forward i  
mpulse" makes us strong  
'cause if you do believe in yourself and the future, too - you  
just can't go wrong.  
Oh everybody needs a reason to live.....

Carry on .....

Oh, everybody needs a reason to live or we will crash just like  
a boat on a riff.  
Oh, everybody sometimes hangs on a cliff but everybody needs a  
reason to live..

Carry on....
