Post up on the fifth, not the first
Bitch I'm rolling hard, watch a nigga surf
Shootouts broad day on my turf
They think they gon' catch me from my birth
Bitch I put all my shooters to work
They don't come back til' bodies is in the dirt
Bitch you get that work
Bend your block all on your curb
Hit that pussy first, I defend my little bird
Bobby pistol burst, when we brrt, nigga chirp
Bitch we make it work, Littles hit that bitch Birk

Bitch close the curtains, we in our Birken, swaggin' perfect
That Birken, that little Birken that I just purchased
That lil' bitch that was just talking shit, not even worth it
Tryna suck my dick, watch me curve it
