

Realest In The City

Rowdy Rebel

I'm the realest in my city, aye in my trenches it get risky
Had a shoot out with my dawg that went against me
Ever pulled up on your opp on a 10 speed
You can tell them boys to slide when you got rank
You can buy em what you want when you got bank
It's hard to play it like you tough when you ain't
But so much hundreds I could stuff in the safe

But still will get you gon if I want
I take shrooms out the month
Took a baddie out to lunch
It's a birkin for the bush
Still a hood nigga, I'm still out here doing what I want
I'll take your gun nigga, if I get that drop on him he done

I ain't lying when I say slide and they up the iron
I told bando if they move the wrong way up that bitch and fire
I keep killers with me and they keep they pistols on they side
Couple bitches with me just to lick me up and ease my mind

I'm just a dirty rich crip from the trenches
She said don't pull her hair to rough these shits extensions
Got my money out the mud ain't got no pension
We drop a body everytime my nigga mention

Cus I'm the what?

I'm the realest in my city, aye in my trenches it get risky
Had a shoot out with my dawg that went against me
Ever pulled up on your opp in a 10 speed
You can tell them boys to slide when you got rank
You can buy em what you want when you got bank
It's hard to play it like you tough when you ain't
But so much hundreds I could stuff in the safe
