Nigga thats on my Mama  
What you call the guy got hit in his gangster grill  
Like he was DJ Drama  
I was on that block where boy got hit in this top  
Trying to pick up his toddler  
We was laughing at that shit all night  
Like we have no problems  
When I came home I jumped right back in my bag  
Niggas screaming Loyalty but switched off gang just for them dollars  
Niggas hit our main block and post a sub like they got us  
Nigga hide your wife and kids before we hit that baby shower

Ain't no fun if we can hit your car and get our gas  
Heard they banned me out of starlets  
I can't throw no cash in there  
Opps baby mommas pulled up  
Heard she's shaking the ass in there  
Made a trip to Atlantis  
Told bro lets go throw some bands in there  
I can't have no fun up in my city. 12 be on my Dick  
They know how I'm coming in my city  
We play with them sticks  
We find that that boy up in that club  
We still send the blitz  
Police outside right in front that club  
But that boy still got hit

Shit, when I was broke, I had to figure it out  
Get a job, hustle or scam  
I had to consider her out  
My pops was raising the man. I couldn't just sit on the couch  
By the time I hit 13 I knew how to back up an ounce  
Bro, were you at? I'm in the ghetto  
Exactly where? I'm at stiletto  
Don't you tri with JJ and dotti it we situaty  
You know I got my metal  
Ain't no talking no moment this shit gets stitchy  
I'm up in that bitch on a level  
All my niggas on gangster timing  
And we ain't gonna stop till the beep get settled
