

Never Is A Long Time

Roxette

- Gmi** **B**
1. You build it up and tear it down
Gmi
There's no reason to follow you
B
You left the song without a sound
Gmi
You left the story I made for you
Eb
Softly angels go and cry
F
In the stillness of the night
- B** **Eb**
R: Never is a long time, goodbye
Cmi **Gmi** **F**
No answers for the asking
B **Eb**
It's a long time, goodbye
Cmi **B** **F**
No mercy for the aching
B **Eb**
It's a long time, oh my
Cmi **B** **F**
See no light of love forsaken
B **Eb**
Never is a long time, goodbye
Cmi **Gmi**
Let's spend the night
F **B**
When this dream has come to an end
2. Sometimes you laugh, sometimes you cry
And yes I cried over you
You left me blind in paradise
You left me hungry for the touch of you
Snow white angels run and hide
In the blackness of the night
- R: Never is a long time, goodbye...
- Never is a long time
Never is a long time
