

# This One

Roxette

Maybe I will  
Maybe I won't  
I'm a midnight-to-six man  
I'm damned if I don't

Oh I'm still leanin' on the record machine  
Oh gimme a coin and I will kick off a dream  
In 2016

This one  
Is for you  
This one  
This one This one  
This one This one

Maybe I'm right  
Maybe I'm wrong  
What doesn't kill you  
Will make you so strong

Oh I've been a-waitin' for the table to turn  
Oh I wish I knew how but now  
I'm startin' to learn  
You crash and I burn

This one  
Is for you  
This one  
This one This one  
This one This one

This one  
Is for you  
This one  
This one This one

Gimme a coin and I will kick off your dream
