

A Wee Bit

Roy Ayers

Baby you've got it
Got just what I need
Baby you've got it
What I need to set my love free
Baby you've got it
It's not that hard to see
So share a wee bit with me

Baby you've got it
Got such a pretty face
Baby you've got it
You were made for my embrace
Baby you've got it
Got just what I need
So share a wee bit with me

Girl you know, I got eyes for you
And I got a feeling that you kinda like me too
Don't you worry about what the people say
So if you wanna get down let's get it on the way

Baby you've got it
Got just what the doctor said
Baby you've got it
What I need to keep him away
Baby you've got it
Got just what I need
So share a wee bit with me

Baby you've got it! (Just what I need)
Baby you've got it! (Come and set my love free)
Baby you've got it! (Just what I need)
Baby you've got it! (Come and set my love free)
Baby you've got it! (Yeah baby)
Baby you've got it!
Baby you've got it!
Baby you've got it!
Baby you've got it!
Baby you've got it!
Baby you've got it!
Baby you've got it!
