

Don't You Ever Turn Away

Roy Ayers

I'm in my world 'cause you're you
Makes me feel so good inside
Turn out the lights, come close to me
Show me everything you feel
It seems like time goes by so fast
I just want our love to last
If only we could surely see
How things would go to pass

Don't you ever turn away
Don't you ever turn away

You're always there and always care
All the things we really share
Take my love, it's all yours
Don't you ever turn away
Although the thoughts of you and I are so ever positive
My deepest sigh, don't ask me why
Our love must never go astray, ooh baby, ooh

Don't you ever turn away
(Ooh, don't turn away, baby, don't you turn away)
Don't you ever turn away
(Ooh, don't you turn away, don't, don't, don't you turn from me
, girl, girl)
Don't you ever turn away
(Ooh, don't turn away, don't, don't, don't you turn away)
Don't you ever turn away
(Ooh, don't turn from me, baby, don't turn away, no, girl)

Don't you ever turn away
Don't you ever turn away

Don't you turn away, don't you, don't you turn away, no
Don't you ever turn away
Don't you turn away, don't you turn away, yeah no
Don't you ever turn away
Don't turn away, don't you turn
