

# Everytime I See You

Roy Ayers

Oh, my  
(Oh my) you're so bad it's no lie  
And do you see me  
Looking right back at you

I know  
(I know) that this feeling I show  
Will last forever  
So I can't let you go

Before, I was too shy to say  
You've got that glow that brightens my day

Hey, there  
(Hey, there) can't you see that I care  
A whole lot about you  
Everytime I see you (see you...)

Where I see you (see you...)

When I see you (see you...)

(See you...)
