

For You

Roy Ayers

When I see you
In the morning
The reflections
Are so warming
Its a new day
A beginning
Like the sunshine
Never ending

And for you
I sing I sing this song
Just for you
I'll always carry on

When I hear you
I can feel you
Its a feeling
That's so pleasing
And remembering
How I touched you
How I want you
How I loved you

And for you
I sing I sing this song
Always for you
I'll always carry on

And when it seems
That things aren't so clear
That's when I'll call on you, my dear
This is for you
You this song
Song of love
Oh, of love
Oh, of love
Ooh ooh

When I see you
In the morning
The reflections
Are so warming
Its a new day
A beginning
Like the sunshine
Never ending

And for you
I sing I sing this song
Just for you
I'll always carry on

When I hear you
I can feel you
Its a feeling
That's so pleasing
And remembering

How I touched you
How I want you
How I loved you
