

I Really Love You

Roy Ayers

Anything you want from me baby
You know I'll give it up
Day or night
Is it real, is it really real?
I know just how I feel
So complete

Really, really, really, really love you
Really, really, really, really need you
Really, really, really, really got to
Really, really, really, really will do

Anything you want from me baby
You know I'll give it up
Day or night
Is it real, is it really real?
I know just how I feel
So complete

Really, really, really, really love you
Really, really, really, really need you, baby
Really, really, really, really got to, honey
Really, really, really, really will do

Anything you want from me baby
You know I'll give it up
Day or night
Is it real, is it really real?
I know just how I feel
So complete

Ooh
Really, really, really, really love you, honey, baby
Really, really, really, I really need you, baby, you know I (Ow)
Really, really, really, really got to, yeah
Really, really, really, really will do

Come be my family
(And baby, I hear you talking to me)
And I'll be happy, yeah
(And sugar)
So free to share my love
(I wanna set you free)
And keep you with me, yeah
(And baby)

Come be my family
(I hear you talking to me)
And I'll be happy, yeah
(And sugar)
So free to share my love
(I wanna set you free)
And keep you with me, yeah, yeah
(And baby)

Come be my family
(I hear you talking to me)

And I'll be happy, yeah
(And sugar)
So free to share my love, free
(I wanna set you free)
And keep you with me, yeah
(And baby)

Come on and be my family
(I hear you talking to me)
And I'll be happy, yeah
(And sugar)
So free to share my love
(I wanna set you free)
