

I'm The One

Roy Ayers

I'm the one, I'm the one
I'm the one, I'm the one

I'm the one

Here we are, together for the first time
Seems I knew you for a while
The way you move, your body makes me want to party
Girl, I just can't get enough

You say you want me
But I don't know if you really do or not
You say you need me
But I just can't tell if you're telling the truth or not

I'm the one for your love tonight
Have some fun with me
I'm the one for your love tonight
Girl, don't change your mind, oh, oh

The more you dance, it turns me on and on
I'll be with you 'til the dawn
Just let me hold you by your hips and move
All I want to do is groove

You say you want me
But I don't know if you really do or not
You say you need me
But I just can't tell if you're telling the truth or not

I'm the one for your love tonight
Have some fun with me
I'm the one for your love tonight
Girl, don't change your mind, oh, oh

You say you want me
But I don't know if you really do or not
You say you need me
But I just can't tell if you're telling the truth or not

I'm the one for your love tonight
Have some fun with me
I'm the one for your love tonight
Girl, don't change your mind, oh, oh

I'm the one
You say you want me
You say you want me

I'm the one for your love tonight
Have some fun with me
I'm the one for your love tonight
Girl, don't change your mind, oh, oh

I'm the one for your love tonight
Have some fun with me
I'm the one for your love tonight

Girl, don't change your mind, oh, oh, oh

I'm the one for your love tonight

Have some fun with me

I'm the one for your love tonight

Girl, don't change your mind, oh, oh, oh
