

In The Dark

Roy Ayers

It's late at night
You want your lover right there by your side
Pick up the phone to call a number
No one there
There was no answer I declare
Do it in
In the dark
Do it in the dark
I the dark
Do it in the dark

You try to carry on
But it's no use so you get a drink
You feel disgusted
You seem to be on the brink
She's on your mind
You go away and try to disappear
But its no use
She's gone
You still want her near

Do it in
In the dark
In the dark
In the dark
In the dark
In the dark
In the dark

In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark

I can do it
You can do it
We can do it
In the dark
I can do it
You can do it
We can do it
In the dark
I can do it
You can do it
We can do it
In the dark

Do it in
In the dark
In the dark
In the dark
In the dark
In the dark

In the dark

In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
In the dark
Do it in the dark
