

Love From The Sun

Roy Ayers

Sun, Sun
We get our love from the Sun
Sun, Sun
We get our love from the Sun

Sun, Sun
We get our love from the Sun
There's love for everyone
Love from the Sun, Sun
Love from the Sun

One Sun
Where one and one is one
And love is free, love is fun
Love from the Sun, Sun
Love from that Sun

We know the world's full of sadness
But let's bring some gladness to
All of the people we meet will dream
That melts into harmony
Some people run from the Sun and light
And leave their work at night
Let's bring love to our planet
Erase the borders, expand it

Sun, Sun
We get our love from the Sun
Sun, Sun
We get our love from the Sun

Sun, Sun
We get our love from the Sun
There's love for everyone
Love from the Sun, Sun
Love from the Sun
One Sun
Where one and one is one
And love is free, love is fun
Love from the Sun, Sun
Love from that Sun

Sun, Sun
We get our love from the Sun
Sun, Sun
We get our love from the Sun
Sun, Sun
