

Take All The Time You Need

Roy Ayers

Don't you worry about it
There's no need for doubt

You don't think I have good intentions
One thing I forgot to mention
Through these changes I will not interfere

But I just want to be around
When you finally, finally come down to the ground

Don't you worry
'Bout this child
'Cuz I'll be around
Just make sure that your heart's in need

Take all the time you need
Take all the time you need

I ain't cheasin'
My aim is pleasin'

You won't even give me a play, boy
You disbelieve in everything I say

Always testing me, yeah
Trying to get the best of me, yeah

But I'll be there when you call
Through your summers, winters, springs, and those falls

Don't you worry
'Bout this child
'Cuz I'll be around
Just make sure that your heart's in need
Ahh, Take all the time you need
Take all the time you need

Oohh...
Don't you worry
No, no, no, no, no, no, no, no
I'm gonna be right there, boy

All I want you to do
All I want you to do
Have just a little bit of faith in me, me
Please don't you hear me
Don't you need me
Don't you want me, child

I'm gonna be
Got to be
Needing to be there
When those summers, winters, springs, and falls
Come around, boy

I want you to do
I want you c'mon

Just a little bit in me
C'mon in me
Take me

Needing me, baby

Eh hey

'Cuz when
'Cuz when that
'Cuz when that rainy day comes
I'm gonna be right there, walking with you, hon

Needing you
I'm gonna be there, doll

Eh hey

Takin'
Take all the time you really need

I just want you to
Believe in me, baby
Have just a little bit of faith in me
We gonna make it

Take all the time you need
Take all the time
Take all the time you need
