

What's the T?

Roy Ayers

Hey...

What's the T, will you give it to me?
What's the dirt, oh, does it still hurt?
What's the news, is it still the blues?
I don't want it, just tell me in a hurry

Everybody's talkin'
And ain't sayin' nothin'
Everybody's talkin' and ain't sayin' nothin'

Tell me, what's the T, with all the folks?
Is your mind together, well I hope so
'Cause I wonder, about reality
What's the T, with you and me?

Tell me, tell me, tell me
What's the T, oh, with you and me?
What's the T, with you and me?
What's the T, oh honey, with you and me?

You and I just goin' 'round
Tryin' to do our thing
Tryin' to make it easy
Tryin' to make it right
Tryin' to make it sweet
Tryin' to get it together

What's the T, oh baby, with you and me?
What's the T, with you and me?
Tell me, what's the dirt, and now, does it still hurt?
What's the news, does it still give you the blues?
I don't want it, no, no, just tell me in a hurry

Everybody's talkin'
And ain't sayin' nothin'
