

# You Came Into My Life

Roy Ayers

Your smile, your touch  
You mean so much to me  
You are reality  
Let me tell you baby  
You came into my life  
You are, everything dear to me  
With you I feel so free  
You came into my life  
Filled me with so much joy  
Once I was lonely and blue  
Now there's just me and you  
My dear

I'll sacrifice, I'll pay the price  
For your love  
All of my life, ooh baby  
Ooh baby, I know our love will grow  
You are, the seasons of my life  
Happiness, day and night  
Joy when I see your face  
Sensations I can't erase  
Tender and warm and true  
You came into my life  
And made my sun shine bright  
You came into my life  
And made my sun shine bright  
You came into my life  
Now there's just me and you  
My dear

You came into my life

Your smile, your touch  
You mean so much to me  
You are reality  
Let me tell you baby  
You came into my life  
You are, everything dear to me  
With you I feel so free  
You came into my life  
Filled me with so much joy
